

EURO SHIBA INU WHITEPAPER

UPDATE 2024
A DEFLATORY TOKEN

WHAT IS “EURO SHIBA INU”

- **Euro Shiba Inu** is a Project that was born on November 5, 2021 with the aim of creating a European version of the **Shiba Inu** Project, adding several improvements.
- **\$EShib** has a unique burning & deflationary mechanism that works with the power of 15% on DEXs.
- We have created 3 large holders that will help in the future to reduce the circulating supply and make our token profitable in the long term.
- All Holders receive a proportional reward of **\$EShib** with each new buy or sale.

THE 3 BIG DEFLATORY WALLETS ARE:

- **Dead Wallet** already owns more than 50% :
